About Black Hat MEA CTF

Black Hat MEA is a global cybersecurity event held in Riyadh, Saudi Arabia. Its Capture The Flag (CTF) competition is organised by Tahaluf in partnership with the Saudi Federation for Cybersecurity, Programming and Drones (SAFCSP), hosted with Tuwaiq Academy and Spiders, and powered by Flagyard. It is officially recognised by **Guinness World Records** as the largest ethical hacking competition in the world. The finals take place from **31 May to 2 June 2027** at the Riyadh Exhibition and Convention Center (RECC), Malham.

HOW THE COMPETITION WORKS

01
Online qualifier

A 24-hour online qualifier on 5 September, open to teams from around the world. T34M P4R4D0X passed it and earned a place in the finals.

02
Live finals in Riyadh

The top 150 teams compete on site from 9:00 am to 7:00 pm (KSA) each day, in a Jeopardy-style format that runs from beginner to expert difficulty.

03
Six challenge categories

Web exploitation, system exploitation (pwn), digital forensics, reverse engineering, cryptography and AI systems hacking.

WHY IT MATTERS

Reaching the on-site finals places T34M P4R4D0X among the 150 teams competing on one of the largest stages in global cybersecurity. It is a rare opportunity for Bangladeshi talent to be seen, to be tested against the best, and to bring that experience home.

HOW OUR TEAM MAPS TO THE CHALLENGES

WEB EXPLOITATION
Shahriar Hasan, web penetration tester and the team's core web strength.

DIGITAL FORENSICS
MD Zidan Khan, digital forensic analyst.

The team's core proficiency is advanced web exploitation and digital forensics.

Event details: official Black Hat MEA CTF pages (blackhatmea.com/competition/capture-the-flag) and Tuwaiq Academy (bh.tuwaiq.edu.sa).

Meet The Team

T34M P4R4D0X (official team name: Team Akatsuki) is a Bangladeshi cybersecurity team of researchers, penetration testers and CTF players, with core strength in advanced web exploitation and digital forensics. The team passed the preliminary round of the Black Hat MEA 2026 CTF and is now a finalist in Riyadh, Saudi Arabia.

OUR OBJECTIVE

To represent Bangladesh with distinction at Black Hat MEA 2026, compete against teams from around the world, and bring back experience, recognition and connections that strengthen the local cybersecurity community, with the support of partners who share that vision.

Why Sponsor T34M P4R4D0X?

Your support creates value beyond sponsorship.

01
Complimentary Security Assessment (VAPT)
We can provide a complimentary vulnerability assessment and penetration test for an agreed company asset, drawing on the team's strength in web exploitation.

Web application · Mobile app · API · Website

02
International Brand Visibility
Your brand travels with the team to an international cybersecurity stage, through agreed placements.

Team apparel · Event content · Social media · Sponsor announcements

03
Digital & Social Media Promotion
Your support is recognised across our channels throughout the journey to Riyadh.

Appreciation posts · Logo placement · Journey content · Competition updates

04
Positive PR & Brand Image
Backing Bangladeshi talent on an international stage is an authentic story that associates your organisation with skill, ambition and national pride.

05
Cybersecurity Talent Access
A direct line to motivated security practitioners, including penetration testers and forensic analysts.

Networking · Internships · Technical exchange · Future collaboration

06
Security Awareness Session
A cybersecurity awareness session for your employees, led by team members.

Phishing · Password security · Social engineering · Cyber hygiene

07
Content & Media Assets
Ready-to-use content that documents the journey and your role in it.

Event photographs · Sponsor-branded team photos · Behind-the-scenes · Post-event recap

08
Future Technical Collaboration
The partnership need not end with the event.

Workshops · Webinars · Awareness programs · Technical discussions · Future security assessments

09
Supporting Bangladeshi Cybersecurity Talent
Sponsoring T34M P4R4D0X helps Bangladeshi talent compete on an international platform and contributes to the growth of the country's wider security community.

Sponsorship Opportunity

Help us take Bangladesh to the Black Hat MEA 2026 CTF Finals.

WHAT WE NEED

Our team of three will travel to Riyadh, Saudi Arabia to compete in the Black Hat MEA 2026 CTF Finals. We are seeking full or partial sponsorship for the essential expenses of the team's participation. A detailed cost breakdown is available on request.

ESTIMATED COST PER PERSON
BDT 100,000 – 110,000
Approximately 1.0–1.1 lakh

TEAM OF THREE
BDT 300,000 – 330,000
Approximately 3.0–3.3 lakh

- **01** International airfare
- **02** Meals & daily subsistence
- **03** Accommodation
- **04** Local transportation
- **05** Event-related expenses
- **06** Other necessary travel

SPONSORSHIP OPTIONS

FULL SPONSORSHIP
Support the team's complete travel and participation expenses.
